● What adult and family guests make

Craft Party: Kinusaiga or Jewelry Making

Pick one craft for the group. Kinusaiga needs no sewing and no art skill, and pieces look like stained glass. Jewelry makers design a piece and wear it the same afternoon.

Keepsake Party: hand casting

Two people cast their hands together in one sitting, with a natural white finish. Book about 2 hours so the casts can set before we leave.

Bridal and Wedding Party

Guests blend a bath salt favor and write advice cards, and the couple casts their hands together as a keepsake.
